

Ceramic Grease Spray

Art.: 03.0121.9999

Aerosol can 500 ml

Ceramic Grease is a durable, high-quality ceramic grease. It has been specially developed for applications requiring high pressure and temperature resistance.

Base:	Calcium complex grease with ceramic micro particles, oxidation and corrosion inhibitors
Density:	705 kg/m ³
Consistency:	Pasty
Viscosity:	2 (according to NLGI)
Flash point:	< 0°C
Pressure resistance:	4 ball welding load: 235 kg (according to IP-239)
Temperature resistance:	-30°C to +140°C
Peak temperature resistance:	-50°C to +1200°C
Drop point:	± 250°C
Water resistance:	Good, for condensation moisture and water spray
Acid resistance:	Good
Corrosion resistance:	Good (B according to SKF Emscor)
Mechanical stability:	Good
Penetration ability:	Moderate
Percentage of greasing agent:	37%
Application conditions:	-10°C to +40°C
Type of surface:	All kind of metals
Surface preparation:	The surface must be clean, dry, free of grease and non-corroded. Clean surfaces with Innotec Multisol , Innotec Ultra Clean or Innotec Power Clean .
Application method:	Shake can well before use. Apply the product either with the plastic spray tube or with the standard nozzle, depending on the application. Leave a short time to evaporate.
Cleaning of materials used:	With Innotec Multisol or Innotec Power Clean
Cleaning of hands:	With Innotec Power Scrubs or with Innotec Safe Hand Clean Plus and water
Shelf life:	2 years in original, unopened packaging

Storage conditions:	Store cool and dry
Type of batchcode:	F
Other details:	Not suitable for use in roller bearings
EAN Code:	5400563015339

This technical info sheet replaces all previous versions.

All information is supplied without obligation and based on our knowledge and experience with the product under normal conditions. In practice, the information supplied can in no way replace the tests that need to be performed before first use of the product. Only prior testing of the product can prove whether the product is indeed suitable for the intended application (or not). Thus, we cannot accept any responsibility in case our products are not used in compliance with the advices given.

If the product should not meet the quality requirements, we will only reimburse up to a maximum of the purchase price of the product. We accept no responsibility whatsoever and shall under no circumstances be liable for damage or consequential loss arising from the use of the product.

For information concerning safe use and storage, please refer to the safety data sheet of the product concerned.
