

Fuel System Cleaner

Art.: 04.0148.9999

Aerosol can 500 ml

Fuel System Cleaner is an excellent cleaner for parts of the fuel system. It efficiently removes contaminations such as carbon and grease deposits, resin, gum, oxidation, etc. on parts such as valves, actuators, EGR-valves, injectors, idle stepper motor, throttle valves, air mass meters, etc.

Base:	Cleaner based on specially selected polar solvents with high solving capacity
Density:	745 kg/m ³
Consistency:	Liquid (ready-to-use in aerosol)
Solvents:	Aromatic hydrocarbons, alcohols and ketones
Flash point:	< 0°C
Application conditions:	+10°C to +40°C
Application method:	Shake can well before use. If necessary, disassemble the parts to be cleaned. Spray Fuel System Cleaner on the parts. In case of heavy contaminations, let it settle for 5 to 10 minutes and rinse off.
Cleaning of hands:	With Innotec Power Scrubs or with Innotec Safe Hand Clean Plus and water
Shelf life:	2 years in original, unopened packaging
Storage conditions:	Store cool and dry
Type of batchcode:	F
Other details:	Not suitable for starting or running diesel engines.
EAN Code:	5400563017814

This technical info sheet replaces all previous versions.

All information is supplied without obligation and based on our knowledge and experience with the product under normal conditions. In practice, the information supplied can in no way replace the tests that need to be performed before first use of the product. Only prior testing of the product can prove whether the product is indeed suitable for the intended application (or not). Thus, we cannot accept any responsibility in case our products are not used in compliance with the advices given.

If the product should not meet the quality requirements, we will only reimburse up to a maximum of the purchase price of the product. We accept no responsibility whatsoever and shall under no circumstances be liable for damage or consequential loss arising from the use of the product.

For information concerning safe use and storage, please refer to the safety data sheet of the product concerned.
