

## Injection Clean

Art.: 04.0165.9999

Bottle 250 ml

Injection Clean is a very powerful cleaner or fuel additive for the entire injection system, from tank to injectors, of petrol (incl. E85-bioethanol) and diesel engines. In addition, the product gives perfect protection against new dirt deposits, corrosion and the aggressive effect of bioethanol (E85) on rubber.

Still fluid at:	< -30°C
Base:	Selected petroleum derivates with special additives
Density:	810 kg/m <sup>3</sup>
Consistency:	Liquid
Flash point:	71°C
Tests:	<p>Improving test with polluted injectors: (Test Peugeot 205 GTi) Scale: clean = 100%</p> <p>Before the treatment with Injection Clean = 80 - 85% fuel passage After the treatment with Injection Clean = 92 - 95% fuel passage</p>
Application conditions:	No restriction
Application method:	<p>Shake the bottle before use.</p> <p><u>Preventive:</u> Add Injection Clean to the fuel tank before filling. For best results repeat for every 4th or 5th refill of the fuel tank.</p> <p><u>Active cleaning:</u> Add Injection Clean to the fuel tank, then fill to no more than 25 litres. Run the tank down before refilling. Repeat if necessary.</p> <p>Injection Clean can be combined with <a href="#">Valve Clean</a>, <a href="#">Diesel Plus</a> and <a href="#">Fuel Plus</a>. Injection Clean is compatible with biodiesel.</p>
Cleaning of hands:	With Innotec <a href="#">Power Scrubs</a> or with Innotec <a href="#">Safe Hand Clean Plus</a> and water
Shelf life:	5 years in original, unopened packaging
Storage conditions:	Store cool and dry
Type of batchcode:	F
EAN Code:	5400563019214

This technical info sheet replaces all previous versions.

All information is supplied without obligation and based on our knowledge and experience with the product under normal conditions. In practice, the information supplied can in no way replace the tests that need to be performed before first use of the product. Only prior testing of the product can prove whether the product is indeed suitable for the intended application (or not). Thus, we cannot accept any responsibility in case our

products are not used in compliance with the advices given.

If the product should not meet the quality requirements, we will only reimburse up to a maximum of the purchase price of the product. We accept no responsibility whatsoever and shall under no circumstances be liable for damage or consequential loss arising from the use of the product.

For information concerning safe use and storage, please refer to the safety data sheet of the product concerned.
