

## Seal and Bond Remover Foam

Art.: 04.0106.9999

Aerosol can 500 ml

Seal and Bond Remover Foam is a technical foam cleaner for the fast and efficient removal of glue residues and degreasing of just about any surface. Due to the foaming action, the product adheres perfectly to the surface, even if this is at an angle of 45° or 90°. This means that Seal and Bond Remover Foam not only works easily, but it is also very economical and effective. Economical because it is not applied on a cloth, but directly to the dirt. And effective because it works on the dirt for a longer period of time.

Base:	Mixture of aliphatic, aromatic and oxygenated hydrocarbons dissolved in water
Density:	824 kg/m <sup>3</sup>
Consistency:	White foam (ready-to-use in aerosol)
Viscosity:	± 2 mPa.s
Solvents:	Mixture of aliphatic, aromatic and oxygenated hydrocarbons dissolved in water
Flash point:	< 0°C
Foam stability:	Good
Evaporation residue:	< 1,5%
Application conditions:	+10C to +40°C
Type of surface:	The most common surfaces. Test first on a non visible area if necessary.
Application method:	Shake can well before use. Spray the product directly on the glue or sealant you want to remove and leave 5 to 10 minutes to take effect. For thicker layers of glue or sealant remove or scrape off the top layer. Repeat the treatment if necessary. Always wipe dry with a clean, dry cloth.
Cleaning of hands:	With Innotec <a href="#">Power Scrubs</a> or with Innotec <a href="#">Safe Hand Clean Plus</a> and water
Shelf life:	2 years in original, unopened packaging
Storage conditions:	Store cool, dry and frostfree
Type of batchcode:	F
EAN Code:	5400563017401

This technical info sheet replaces all previous versions.

All information is supplied without obligation and based on our knowledge and experience with the product under normal conditions. In practice, the information supplied can in no way replace the tests that need to be performed before first use of the product. Only prior testing of the product can prove whether the product is indeed suitable for the intended application (or not). Thus, we cannot accept any responsibility in case our products are not used in compliance with the advices given.

If the product should not meet the quality requirements, we will only reimburse up to a maximum of the purchase price of the product. We accept no

responsibility whatsoever and shall under no circumstances be liable for damage or consequential loss arising from the use of the product.

For information concerning safe use and storage, please refer to the safety data sheet of the product concerned.
