

PRODUCT INFO

UV LED Lamp

Art.: 90.0211.9999

The InnoQuip UV LED Lamp is part of the Innotec Windshield Repair System and gives off a special UV-A light which is needed to make the [Resin](#) and [Finish Resin](#) cure quickly. The UV LED Lamp has a handy timer that switches off after approx. 2 minutes thereby guaranteeing optimal curing time of Resin and Finish Resin.

Caution: This device emits UV radiation, therefore always wear the supplied [eye protection](#)!
