

Engine Oil Plus

Art.: 04.0183.9999

Tin bottle 300 ml

Engine Oil Plus is an oil additive that stops and prevents oil consumption and leakage along seals, thus extending the life of the engine.

Base:	Ethylene copolymer
Density:	891 kg/m ³
Consistency:	Liquid
Viscosity:	> 580 mm ² /s (40°C)
Flash point:	> 200°C
Suitable for:	Petrol, LPG and diesel engines with or without turbo. Can be used with all commercially available oils. Not harmful to filters and catalytic converters.
Application method:	Only to be used with a warm engine. Shake well before use. Switch off the engine and add Engine Oil Plus to the warm engine oil after each oil change. 1 tin treats 3 to 6 litres of engine oil.
Cleaning of hands:	With Innotec Power Scrubs or with Innotec Safe Hand Clean Plus and water
Shelf life:	1 year in original, unopened packaging
Storage conditions:	Store cool and dry
Type of batchcode:	F
Remarks:	Pay attention to the maximum amount of oil (to avoid an error message)
EAN Code:	5400563037225

This technical info sheet replaces all previous versions.

All information is supplied without obligation and based on our knowledge and experience with the product under normal conditions. In practice, the information supplied can in no way replace the tests that need to be performed before first use of the product. Only prior testing of the product can prove whether the product is indeed suitable for the intended application (or not). Thus, we cannot accept any responsibility in case our products are not used in compliance with the advices given.

If the product should not meet the quality requirements, we will only reimburse up to a maximum of the purchase price of the product. We accept no responsibility whatsoever and shall under no circumstances be liable for damage or consequential loss arising from the use of the product.

For information concerning safe use and storage, please refer to the safety data sheet of the product concerned.
