

Oil Flow Renovator

Art.: 04.0182.9999

Tin bottle 300 ml

Oil Flow Renovator is an oil additive for internal cleaning of the engine. It prevents (premature) contamination of fresh oil.

Base:	Hydrocarbons
Density:	801 kg/m ³
Consistency:	Liquid
Viscosity:	± 32,2 mm ² /s (40°C)
Flash point:	200°C
Suitable for:	Petrol, LPG and diesel engines with or without turbo, also for stationary engines. Compatible with all mineral, semi-synthetic and fully synthetic engine oils.
Application method:	Only to be used with a warm engine. Shake well before use. Add Oil Flow Renovator to the (warm, non-running) engine through the oil filler cap and let the engine idle for 15 minutes. Switch off the engine and immediately drain the oil and change the oil filter. Then refill the engine with new, prescribed engine oil and add a bottle (300 ml) of Engine Oil Plus to keep the engine running optimally. 1 bottle of Oil Flow Renovator treats 3 to 6 liters of engine oil.
Cleaning of hands:	With Innotec Power Scrubs or with Innotec Safe Hand Clean Plus and water
Shelf life:	1 year in original, unopened packaging
Storage conditions:	Store cool and dry
Type of batchcode:	F
EAN Code:	5400563037218

This technical info sheet replaces all previous versions.

All information is supplied without obligation and based on our knowledge and experience with the product under normal conditions. In practice, the information supplied can in no way replace the tests that need to be performed before first use of the product. Only prior testing of the product can prove whether the product is indeed suitable for the intended application (or not). Thus, we cannot accept any responsibility in case our products are not used in compliance with the advices given.

If the product should not meet the quality requirements, we will only reimburse up to a maximum of the purchase price of the product. We accept no responsibility whatsoever and shall under no circumstances be liable for damage or consequential loss arising from the use of the product.

For information concerning safe use and storage, please refer to the safety data sheet of the product concerned.
