

Industrial Floor Cleaner 1 l

Art.: 04.1154.9999

1 l

Industrial Floor Cleaner is a powerful floor cleaner for removing grease, oil, soot and mineral contaminants from hard, water-resistant floors. Low foaming and therefore ideal for scrubber dryers. Concentrated ECO formula, as effective as conventional products.

Base:	Potassium hydroxide, amphoteric and non-ionic surfactants
Density:	± 1100 kg/m ³
Consistency:	Liquid
pH:	pH undiluted: 13 pH diluted: 12 (1% with water)
Application conditions:	+5°C to +30°C
Type of surface:	All alkali- and water-resistant floors. Do not use on aluminium, painted surfaces, natural stone, slate, wood, linoleum or unsealed parquet floors.
Application method:	Test in advance on a non-visible area. Dosage: minimum 0,5% (1/200), maximum 1% (1/100) <u>Scrubber dryer:</u> Dose the product and add it to the full water tank. Clean the floor according to the scrubber dryer instructions. Do not allow the solution to dry on the floor! Remove the polluted water and empty the scrubber dryer after use. <u>Manual:</u> Dose the product and add it to a bucket of water. Apply the solution to the floor by means of a pressure sprayer, pressure washer, mop or brush. Allow to act for 5-10 minutes. Use sufficient solution so that the surfaces remain wet during this time. Do not allow to dry! Remove the polluted water. In case of extreme soiling, a maximum dosage of 10% (1/10) is possible, subsequent rinsing with clean water is then required.
Cleaning of materials used:	With water
Cleaning of hands:	With Innotec Power Scrubs or with Innotec Safe Hand Clean Plus and water
Shelf life:	1 year in original, unopened packaging
Storage conditions:	Store cool and dry
Type of batchcode:	F
EAN Code:	5400563037782

This technical info sheet replaces all previous versions.

All information is supplied without obligation and based on our knowledge and experience with the product under normal conditions. In practice, the information supplied can in no way replace the tests that need to be performed before first use of the product. Only prior testing of the product can prove whether the product is indeed suitable for the intended application (or not). Thus, we cannot accept any responsibility in case our products are not used in compliance with the advices given.

If the product should not meet the quality requirements, we will only reimburse up to a maximum of the purchase price of the product. We accept no responsibility whatsoever and shall under no circumstances be liable for damage or consequential loss arising from the use of the product.

For information concerning safe use and storage, please refer to the safety data sheet of the product concerned.
